President for Shire of Manjimup

Enrolment status

BUEGGE, Donelle is eligible to stand for election as a resident of the Shire of Manjimup.

I understand the importance and responsibility of undertaking the role of Shire President.

This position is not about my views, my beliefs or my goals, but the desire to reflect our council and communities position through respectful and open communication with all government departments and representatives .

We are facing challenges and changes of which we can follow in the shadows, or be proactive in establishing boundaries for the best out comes for our whole Shire, financially, socially and environmentally.

With the appointment of a new CEO we are faced with an opportunity to take a leap forward, to look at things a little differently and maybe, take a little risk.

I won't pretend that I know all about local government but I do promise to ask the questions, do the research and find the answers.

I humbly ask that you put your faith in me, in my abilities to bring people together, to work cohesively to find solutions and better outcomes, in a progressive and financially sustainable way.
