LAWRENCE, Kenneth

Kenneth Lawrence,

I made my escape from the City in 1978 and with my wife purchased our first property in Northcliffe in 1979. Sold in 1981 and purchased our current property as a parcel of land in the Karri Valley Park.

I worked for some time with Bunnings in the forest as a machine operator and also with the Forestry Department in Research department. During this time I have built Beedelup House Cottages and also operated the Karri Valley Trout Farm for 15 years.

I have served on the PPA, PAA, PCCI, PVC & volunteer Local Fire Brigade and volunteer with St Johns Ambulance as Medical emergency Technician for 17years. Currently the vice chair and inducted into the order of St John.

I am here to support our local community that I have worked with over the last 40 years.

I believe the potential of our shire is totally unlimited.
