

### Shire President's Message

#### Events

A weekend of magnificent weather blessed us for the recent Manjimup 15000 Motocross event held over the long weekend from Friday 31 May to Monday 3 June 2019. I commend Willie Thompson and his team, the Manjimup Motorcycle Club and all volunteers and businesses involved in bringing this now world famous event to our region every year.

Another event bordering on international fame is the soon to be held Truffle Kerfuffle at Fonty's Pool on the weekend of 21 to 23 June 2019, which this year again promises to excite food lovers from near and far.

#### The Alternative Archive Exhibition

This exhibition is a must!

Forty five artists from across the Shire have participated in this project examining the objects, stories and memories that connect us to place.

Artists in the Shire have responded to the theme - Nectere - what ties or binds them to the place they live. Their responses are very personal and varied, covering many of the stories and places of this unique area. Works feature a range of media and some wonderfully creative interpretations of the theme. The exhibition will run until 3 July 2019 at the Manjimup Art Gallery.

#### Powerup Electricity Museum Tour

I recently had the privilege of touring the site for an update on the construction works at the South West Energy Experience. I can assure you that the building and intended exhibition fitout, café and visitor area will be every bit as impressive as the building seems from outside the fence.

#### National Volunteer Week

We celebrated National Volunteer Week few weeks ago and I again cannot pass up an opportunity to the very many volunteers that make up our community, your time, spirit and skills are truly appreciated.

Until next time.... Paul

#### Why have the parking bays been changed in Nockolds Street?

The 90 degree parking bays along Nockolds Street are constructed to Australian Standards of 5.4m long but widened to 2.8m wide to allow for maneuverability. Crossing of the white line to enter parking bays is a result of the narrow and less than standard traffic aisles due to the constraints of the distance between the north and south kerbs which allows for two-way traffic along Nockolds Street.
