## **BUEGGE, Donelle**

The priorities of a Shire should be to listen, equal representation, to protect our community values and enable and support our local businesses.

A Shire councillor is the communication link between residents and businesses to the Shire body

As a community representative I would give priority to efficient communication and transparency to ensure equality for everyone

I am a mother of three, a wife, a business partner, a farmer and an employee. I believe in being part of the conversation by becoming involved. I currently sit on the Manjimup Chamber of Commerce, The Heritage Park committee, Manjimup Water Security Group and the Warren Donnelly Water Advisory committee.

I want to be a strong supportive, informed voice who is approachable and who will listen to you and work to find a solution.
