DARIN, Jayde

Manjimup is our community. It is where we live, work & play. Where we raise families, grow businesses & build our future. Our community needs positive leaders with vision, strong work ethic & an open mind. As your Deputy Shire President, I have lived by these values over my four-year term & we have made real progress on issues in our Shire. We have more to do & my goal is to continue bringing next generation ideas refined through experience.

Who am I? I'm a business manager with a background in financial analysis & strategic decision-making, mum of two, wife of a medical professional & daughter of parents living with disability. I am committed to transparency in decision-making, open communication & critical thinking. Let's keep working together for a safe, thriving & connected community.
