Nominating for	Councillor for West Ward
Election Type	Ordinary

DE CAMPO, Wade

After a four-year hiatus, I have decided to throw my hat in the ring once again for the westward.

I believe I am well placed to represent you, the community, in a number of areas.

Being a Pemberton local all my life I have a great understanding of a broad range of issues that Pemberton has faced over the years and continues to face into the future.

Key projects that I have contributed to include, Pemberton revitalization project that put Pemberton in the tourism sector spotlight, the back alley sealing reserve, the main street sewer upgrade taking raw effluent off residential streets, and many more.

If elected I commit to you working tirelessly for Pemberton with an emphasis on Tourism, infrastructure, and job creation. I will be an open, accountable and available representative for you.
