VENTRIS, MURRAY

VENTRIS, Murray

I have completed one term as your West Ward Councillor. A lot of progress has been achieved across the Shire in the last four years. There have been a number of projects and road improvements completed in all towns with more currently being built and planned. There is still much to be done. With your support and my four years' experience on Council I look forward to getting the job done for you again. I am not a member of any political party believing that Councillors should be non-aligned and not stand on a single issue. I am still involved in many Community Groups and Pemberton St. John Ambulance as well as operating our bus business. Making a meaningful contribution to our community and Council is my priority.
