

### Shire President's Message

incorporate closed circuit television throughout Manjin Park, the Manjimup Heritage Park and the Brockman Street precinct with a direct link to the Manjimup Police station.

A direct live link to the Manjimup Police station will reduce crime and anti-social behavior in the park and CBD with image quality being suitable as evidence.

#### Lots to offer

The weather may be cold and wet but the Shire still has a lot to offer to keep you entertained. Head down to one of the libraries and grab yourself a good book, visit the art gallery, check out some of the breathtaking waterways that are flowing so spectacularly at this time of year, or head down to the AquaCentre for some fitness classes or heated pool fun.

*Until next time .... Paul*

### Council Meeting

The next Ordinary Meeting of the Manjimup Shire Council will be held in the Council Chamber in Manjimup, entry off Brockman Street, commencing at 5:30pm **Thursday, 5 July 2018**. Copies of the agenda are available at any library within the Shire of Manjimup, the Administration Office or the Shire of Manjimup website. Any person wishing to address or ask a question of the Council is welcome to do so at the start of the meeting. The public are also welcome to attend the briefing which is held in the afternoon, prior to the Council meeting. If there are confidential items to be discussed, the public may be asked to leave the room for a period of time.

### Kanopy

Did you know all library members have the opportunity to stream over 30,000

movies free to their home device. All you need to access this fantastic resource is a Shire of Manjimup or State Library membership card.

Go to [www.manjimup.wa.gov.au/libraries](http://www.manjimup.wa.gov.au/libraries) for access to kanopy, for instructions for use on Apple and Android devices or your home computer.

### Unapproved waste water systems

The Shire is concerned by the number of septic systems being installed either without approval or, not in accordance with their approval. The installation of these systems is controlled under State legislation which is designed to protect the health and amenity of both the users and others in the vicinity.

In many cases the Shire does not have the authority to approve the installation due to the size and or use of the system. In these cases the application must be referred to the Department of Health who will not retrospectively approve any application post installation.

Unauthorised installations can result in orders to remove and/or dig up the system, or prosecution. Heavy penalties apply for unlicensed and unapproved works.

To avoid these penalties:

- use a licensed plumber to carry out the works;
- ensure applications are in early to allow processing time, allow two

weeks for a Shire approval and six weeks for a Department of Health approval;

- to aid a speedy turnaround of your application, ensure all relevant elements of the forms are filled out and any additional documents, ie site plans have been attached;
- do not commence construction until the approval has been issued; and
- do not use the system until a 'Permit to Use' has been issued.

The Shire's Environmental Health Officers are available to discuss any concerns you have regarding the application and use of septic systems by phoning 9771 7777.

### Storm Damage

A significant weather event with strong winds on Tuesday 5 June 2018 had works staff dealing with over 60 trees and branches that had fallen over roads.

Though busy during the morning and afternoon, all roads were opened by the time school buses started their afternoon runs.
