Unique Naming Opportunity

Do you want to leave a legacy in Manjimup?

A fantastic opportunity is now available for local residents and exhibition stakeholders to name **the new Manjimup Heritage Park Museum**. The museum will open in December 2019.

The new Museum is an exciting, modern and fun interactive exhibition that unravels the journey of electricity in Western Australia. With an illustrated focus on the South West it will connect visitors to the stories and science behind the **'generation, transmission and distribution of electricity'** in Western Australia.

It is very exciting to have the opportunity to create a world class museum to house a heritage exhibit of national significance. As such we invite our residents and exhibition stakeholders to share in the opportunity to name our new Museum.
