SHIRE OF MANJIMUP

August 2021

A message from your Shire President Cr Paul Omodei

Roll up for WA

Commencing on Thursday 29 July 2021 the Western Australian Country Health Service is providing a one day per week COVID-19 vaccination clinic in the Manjimup Town Hall for people eligible to receive the Pfizer (Comirnaty) Vaccine.

The Shire of Manjimup has worked closely with the Western Australian Country Health Service to secure a State run public vaccination facility in the Lower South West Region that will take pressure off local private medical clinics and further limit the travel of local community members seeking to take up the offer to be vaccinated against COVID-19. As part of the arrangement the Shire is providing the Manjimup Town Hall at no cost as a large community venue for the vaccination program.

Our collaborative relationship with the State Government has seen an agreement reached between the Shire and the Western Australian Country Health Service for the significant benefit of communities in the Lower South West Region.

Mass vaccination against this infectious disease is critical, not only to protect individuals in our communities, but also to protect those who are either not yet eligible to receive a COVID-19 vaccination or those that are unable to have a COVID-19 vaccination due to underlying health conditions.

Census

Why you need to do the Census.

The Census helps us understand what we need now and into the future. It's our most comprehensive and important statistical collection. It counts every household and every person in Australia.

Your participation is vital. Information from the Census helps governments, businesses and not for profit organisations across the country make informed decisions. Local Governments, services and community groups use Census data to help plan services in your area.

An independent assessment of the Census found that every \$1 we spend on the Census creates \$6 of value to the Australian economy.

Census data helps plan services that improve the lives of people, families and communities including:

- the Royal Flying Doctor Service, which uses the information to make sure people in rural Australia can get the health care they need;
- the Council on the Ageing, which uses the information to help understand the issues affecting older Australians.

For more information on the Census visit the website at <https://www.census.abs.gov.au/>

Council Meetings

The next Ordinary Meeting of the Manjimup Shire Council will be held in the Council Chambers, Cnr Rose and Brockman Streets, Manjimup.

The meeting commences at 5.30pm on Thursday, 19 August 2021. Copies of the agenda are available the Tuesday prior to the meeting via the Shire website, at any library within the Shire of Manjimup or the Administration Office.

Any person wishing to address or ask a question of the Council is welcome to do so at the start of the meeting. Please note that if there are confidential items to be discussed, members of the public may be asked to leave the room for a period of time.

Western Australia is one of the safest places in the world. To help protect our lifestyle, COVID-19 vaccinations are now rolling out across the state.

All Western Australian adults will be able to receive the COVID-19 vaccine in metropolitan Perth and at regional clinics when they are eligible.

Find out when and where to go to receive a COVID-19 vaccination by visiting the online eligibility checker. You can also sign up to be notified when it's your turn to be vaccinated.

To stay updated on the vaccine rollout, find trusted resources, and answers to any questions you may have, visit the WA Government's Roll up for WA website.

Advice in different languages is available online at <https://www.health.gov.au/initiatives-and-programs/covid-19-vaccines/covid-19-vaccine-information-in-your-language>.

For more information about the vaccination program visit: healthywa.wa.gov.au/COVID19vaccine or call 13 COVID (13 268 43).
