**Pemberton Mountain Bike Park**  
 Pemberton Mountain Bike Park is located in the Pemberton Forest Park with the trail head located at the Pemberton Pool, Swimming Pool Road Pemberton.

The mountain bike project commenced in 2007. Funding from the SW Development Commission, the Federal Government, Department of Health & Ageing, Lotterywest, WA Department of Sport and Recreation and the Pemberton VC have provided the capital to develop the Mtb Park.

There are 30 kilometres of mountain bike tracks, a set of dirt jumps and a pump track. The aim is to further develop the Pemberton Mountain Bike Park as part of the Pemberton Trail Hub, situated around the high quality mountain bike tracks. The mountain bike park is open to anyone. Riders need to ride to their ability and have a well maintained bike.

**Pemberton is a National level ride destination;  
 part of the Western Australian South West Mtb Master Plan**
